"Shall the City of Chicago impose:

1) a real estate transfer tax decrease of 20% to establish a new transfer tax rate of \$3 for every \$500 of the transfer price, or fraction thereof, for that part of the transfer price under \$1,000,000 to be paid by the buyer of the real estate transferred unless the buyer is exempt from the tax solely by operation of state law, in which case the tax is to be paid by the seller; AND

(2) a real estate transfer tax increase of 166.67% to establish a new transfer tax rate of \$10 for every \$500 of the transfer price or fraction thereof, for that part of the transfer price between \$1,000,000 and \$1,500,000 (inclusive) to be paid by the buyer of the real estate transferred unless the buyer is exempt from the tax solely by operation of state law, in which case the tax is to be paid by the seller; AND

(3) a real estate transfer tax increase of 300% to establish a new transfer tax rate of \$15 for every \$500 of the transfer price, or fraction thereof, for that part of the transfer price exceeding \$1,500,000 to be paid by the buyer of the real estate transferred unless the buyer is exempt from the tax solely by operation of state law, in which case the tax is to be paid by the seller?

The current rate of the real estate transfer tax is \$3.75 per \$500 of the entire transfer price, or fraction thereof, and the revenue is used for general corporate purposes. The revenue from the increase (the difference between revenue generated under the increased rate and the current rate) is to be used for the purpose of addressing homelessness, including providing permanent affordable housing and the services necessary to obtain and maintain permanent housing in the City of Chicago."
